

Technical SEO & Structured Data Specification

Client:	Little Wise Kids Ltd
Location:	Stapleton Road, Congregational Chapel, Easton, Bristol, BS5 0QZ
Ofsted Registration Type:	Childminder without Domestic Premises (CWDP)
Ofsted URN:	2827626
Target Age Range:	0–4 Years

1. Clean, SEO-Friendly URL Structure

Use this clean folder hierarchy rather than generic query string parameters (e.g. ?page=about). This structure naturally passes keyword weight directly to Google.

Page Name	Recommended Clean URL (Slug)	Primary Search Intent
Home	https://littlewisekids.co.uk/	Branded search, Local Discovery
About Us	https://littlewisekids.co.uk/about-us	Brand trust, Leadership, Pedagogy
Multilingual Learning	https://littlewisekids.co.uk/bilingual-childcare-bristol	High-Intent Niche Search (Bilingual/Screen-Free)
Parents' Information	https://littlewisekids.co.uk/childcare-funding-fees	Transactional Search (Funded places, Tax-free, Settling in)
Operating Hours & Nutrition	https://littlewisekids.co.uk/hours-nutrition	Operational clarity, Dietary search
Our Gallery	https://littlewisekids.co.uk/childcare-gallery	Visual trust, Sensory exploration
Contact Us	https://littlewisekids.co.uk/contact	Direct conversion path
Blog / News	https://littlewisekids.co.uk/news	Long-tail educational authority

2. Page-by-Page Metadata (Title & Meta Tags)

Place these code blocks inside the <head> tag of each specific page. Character counts are tightly optimized to prevent truncation in Google Search Results.

Home Page

HTML

```
<title>Bilingual & Screen-Free Childcare Bristol BS5 | Little Wise Kids</title>
<meta name="description" content="Little Wise Kids is a calm, screen-free early years sanctuary in Easton, Bristol. We offer English & Portuguese exposure and home-cooked meals for ages 0-4." />
<link rel="canonical" href="https://littlewisekids.co.uk/" />
```

About Us

HTML

```
<title>About Our Home-from-Home Setting in Easton | Little Wise Kids</title>
<meta name="description" content="Meet Lukeba and our dedicated team. We provide a calm, unhurried, and child-led early learning environment in Easton, Bristol, built on trust and respect." />
<link rel="canonical" href="https://littlewisekids.co.uk/about-us" />
```

Multilingual Learning

HTML

```
<title>Portuguese Bilingual & Screen-Free Early Learning Bristol</title>
<meta name="description" content="Our curriculum blends the EYFS with Portuguese language exposure and a completely screen-free environment to nurture creative, independent thinkers." />
<link rel="canonical" href="https://littlewisekids.co.uk/bilingual-childcare-bristol" />
```

Parents' Information

HTML

```
<title>15 & 30 Hours Funded Childcare Bristol BS5 | Parents Info</title>
<meta name="description" content="Learn how government funding works year-round at our 51-week setting. Read our gentle settling-in policies and download our key childcare procedures." />
<link rel="canonical" href="https://littlewisekids.co.uk/childcare-funding-fees" />
```

Operating Hours & Nutrition

HTML

```
<title>Childcare Sessions & Wholesome Nutrition Bristol BS5</title>
<meta name="description" content="We are open Monday-Friday, 7:30am-5:30pm in Easton. Enjoy fresh, healthy, home-cooked meals prepared daily by our nursery chef for growing bodies." />
<link rel="canonical" href="https://littlewisekids.co.uk/hours-nutrition" />
```

Our Gallery

HTML

```
<title>A Glimpse into Our World: Childcare Photo Gallery Bristol</title>
<meta name="description" content="Explore photos of our screen-free indoor pods, nature-inspired outdoor play spaces, sensory gardens, and bilingual learning routines in East Bristol." />
<link rel="canonical" href="https://littlewisekids.co.uk/childcare-gallery" />
```

```
<title>Enquire & Join Our Waiting List | Little Wise Kids Bristol</title>
<meta name="description" content="Get in touch to book a personal visit to our Stapleton Road setting or register your interest on our waiting list. Speak to our friendly team today." />
<link rel="canonical" href="https://littlewisekids.co.uk/contact" />
```

3. Global Open Graph (Social Media Cards)

To ensure that sharing your link on WhatsApp, Facebook, iMessage, and X (formerly Twitter) displays a beautiful, highly professional card instead of a plain link, add the following to your site-wide <head> template:

```
<meta property="og:type" content="website" />
<meta property="og:site_name" content="Little Wise Kids" />
<meta property="og:title" content="Bilingual & Screen-Free Childcare Bristol BS5 | Little Wise Kids" />
<meta property="og:description" content="A calm, screen-free early years sanctuary in Easton, Bristol. Nurturing child-led play, Portuguese exposure, and wholesome nutrition." />
<meta property="og:url" content="https://littlewisekids.co.uk/" />
<meta property="og:image" content="https://littlewisekids.co.uk/assets/images/little-wise-kids-social-preview.jpg" />
<meta property="og:image:width" content="1200" />
<meta property="og:image:height" content="630" />
<meta property="og:image:alt" content="Children engaged in tactile, screen-free learning at Little Wise Kids Bristol" />

<meta name="twitter:card" content="summary_large_image" />
<meta name="twitter:title" content="Bilingual & Screen-Free Childcare Bristol BS5 | Little Wise Kids" />
<meta name="twitter:description" content="A calm, screen-free early years sanctuary in Easton, Bristol. Nurturing child-led play, Portuguese exposure, and wholesome nutrition." />
<meta name="twitter:image" content="https://littlewisekids.co.uk/assets/images/little-wise-kids-social-preview.jpg" />
```

4. Valid JSON-LD Structured Data (Schema Markup)

Structured data is your direct connection to Google's local search algorithms. This JSON-LD script targets the highly specific ChildCare schema type and incorporates your legal registration properties (Ofsted registration, languages, exact coordinates).

Paste this script block inside the <head> of your Homepage:

HTML

```
<script type="application/ld+json">
{
  "@context": "https://schema.org",
  "@type": "ChildCare",
  "@id": "https://littlewisekids.co.uk/#childcare",
  "name": "Little Wise Kids",
  "legalName": "Little Wise Kids Ltd",
  "description": "An Ofsted-registered, screen-free, home-from-home childcare setting in Easton, Bristol. We combine EYFS early years education with natural English and Portuguese language exposure and wholesome, home-cooked meals.",
  "url": "https://littlewisekids.co.uk/",
  "logo": "https://littlewisekids.co.uk/assets/images/logo.png",
  "image": "https://littlewisekids.co.uk/assets/images/setting-hero.jpg",
  "telephone": "+447456326016",
  "email": "info@littlewisekids.co.uk",
  "address": {
    "@type": "PostalAddress",
    "streetAddress": "Newton Hall, Stapleton Road Congregational Chapel, Newton Street",
    "addressLocality": "Easton, Bristol",
    "addressRegion": "Bristol",
    "postalCode": "BS5 0QZ",
    "addressCountry": "GB"
  },
  "geo": {
    "@type": "GeoCoordinates",
    "latitude": "51.4599",
    "longitude": "-2.5756"
  },
  "areaServed": {
    "@type": "AdministrativeArea",
    "name": "BS5, East Bristol, Lawrence Hill, St George"
  },
  "openingHoursSpecification": {
    "opens": "07:30",
    "closes": "17:30"
  },
  "knowsLanguage": ["en", "pt"],
  "typicalAgeRange": "0-4 years",
  "priceRange": "££",
  "sameAs": [
    "https://www.facebook.com/profile.php?id=100088937473803",
    "https://www.instagram.com/littlewisekidsuk/"
  ],
  "identifier": {
    "@type": "PropertyValue",
    "name": "Ofsted URN",
    "value": "2827626"
  }
}
</script>
```

5. copy-pasteable sitemap.xml

Save this exact code as a file named sitemap.xml and upload it directly to the root of your public folder (public/sitemap.xml):

XML

```
<?xml version="1.0" encoding="UTF-8"?>
<urlset xmlns="http://www.sitemaps.org/schemas/sitemap/0.9">
  <url>
    <loc>https://littlewisekids.co.uk/</loc>
    <lastmod>2026-07-11</lastmod>
    <changefreq>weekly</changefreq>
    <priority>1.0</priority>
  </url>
  <url>
    <loc>https://littlewisekids.co.uk/about-us</loc>
    <lastmod>2026-07-11</lastmod>
    <changefreq>monthly</changefreq>
    <priority>0.8</priority>
  </url>
  <url>
    <loc>https://littlewisekids.co.uk/bilingual-childcare-bristol</loc>
    <lastmod>2026-07-11</lastmod>
    <changefreq>monthly</changefreq>
    <priority>0.9</priority>
  </url>
  <url>
    <loc>https://littlewisekids.co.uk/childcare-funding-fees</loc>
    <lastmod>2026-07-11</lastmod>
    <changefreq>monthly</changefreq>
    <priority>0.8</priority>
  </url>
  <url>
    <loc>https://littlewisekids.co.uk/hours-nutrition</loc>
    <lastmod>2026-07-11</lastmod>
    <changefreq>monthly</changefreq>
    <priority>0.7</priority>
  </url>
  <url>
    <loc>https://littlewisekids.co.uk/childcare-gallery</loc>
    <lastmod>2026-07-11</lastmod>
    <changefreq>monthly</changefreq>
    <priority>0.6</priority>
  </url>
  <url>
    <loc>https://littlewisekids.co.uk/contact</loc>
    <lastmod>2026-07-11</lastmod>
    <changefreq>monthly</changefreq>
    <priority>0.9</priority>
  </url>
  <url>
    <loc>https://littlewisekids.co.uk/news</loc>
    <lastmod>2026-07-11</lastmod>
    <changefreq>weekly</changefreq>
    <priority>0.5</priority>
  </url>
</urlset>
```

6. copy-pasteable robots.txt

Save this as a file named robots.txt and upload it directly to the root of your public folder (public/robots.txt). This tells standard search crawlers where your sitemap is, while keeping your administrative PDF policies private:

Plaintext

```
User-agent: *
Allow: /
Disallow: /assets/private/
Disallow: /wp-admin/
Disallow: /admin/

Sitemap: https://littlewisekids.co.uk/sitemap.xml
```

7. AI Search Engine Optimization (LLM-Ready Context Block)

In the current search landscape, conversational AI engines (like SearchGPT, Perplexity, Gemini, and Claude) actively crawl websites to synthesize answers for queries like "Is there a bilingual Portuguese nursery in East Bristol with home-cooked meals?"

To make it incredibly easy for AI web-parsers to extract your factual data cleanly (without hallucinating old demo coordinates or outdated operating hours), upload this small, clean JSON-LD file called ai-context.json to your root directory, or embed it in the <head> of your page as an Entity Identity Block:

HTML

```
<script type="application/ld+json">
{
  "@context": "https://schema.org",
  "@type": "EducationalOrganization",
  "name": "Little Wise Kids",
  "alternateName": "Little Wise Kids Ltd",
  "url": "https://littlewisekids.co.uk",
  "foundingDate": "2022-12-23",
  "founder": {
    "@type": "Person",
    "name": "Lukeba Abelina Fernando"
  },
  "knowsAbout":,
  "address": {
    "@type": "PostalAddress",
    "streetAddress": "Stapleton Road Congregational Chapel, Newton Street",
    "addressLocality": "Easton",
    "addressRegion": "Bristol",
    "postalCode": "BS5 0QZ",
    "addressCountry": "United Kingdom"
  },
  "hasOfferCatalog": {
    "@type": "OfferCatalog",
    "name": "Boutique Early Years Care",
    "itemListElement":
  }
}
</script>
```

8. Web Accessibility & Crawlability Guidelines for Your Developer

Ensure Pawel Komorkiewicz implements these semantic HTML and accessibility criteria to achieve a 100% Lighthouse/Ahrefs health score:

Semantic Landmark Wrapping:

Ensure the global header uses `<header>`, the primary menu uses `<nav aria-label="Main Menu">`, the main page wrapper uses `<main>`, and the bottom page details use `<footer>`.

Strict Heading (H-Tag) Hierarchy:

Ensure that there is exactly one `<h1>` tag on each page (mapped directly to the main HEADING in your PDF brief). Use nested `<h2>` tags for major sections, and `<h3>` tags for subsections. Never skip levels (e.g. going from `<h1>` straight to `<h4>` just for visual styling). Use CSS styles to adjust sizing rather than semantic heading tags.

Image Alt Text Rules:

Decorative Assets:

Iconography, background blobs, and patterns must use empty alt attributes (`alt=""`) so screen readers naturally bypass them.

Informational Assets:

Real photography of children, sensory pods, and meals must contain descriptive alt-text (e.g. `alt="A child arranging colourful wooden blocks on a table in the science pod at Little Wise Kids"`). Avoid spamming raw lists of keywords here.

Button vs. Link Semantics:

Use native anchors `<a>` for CTAs that navigate between pages (such as `/contact` or `/about-us`). Use `<button>` tags only for on-page interactions (like expanding the Accordion FAQs on the Parents' page or submitting a form). This is critical for screen reader compatibility and prevents broken index links.
